I am just passing the SFIREG meeting agenda along for awareness. The meeting is Monday/Tuesday June 3-4th and the agenda was only recently shared.

There are a few topics of interest that I thought you may want to know:

Monday

- Dicamba – 2019 Growing Season
- Hemp
- UAVs
- 25b Guidance Document – AAPCO

Tuesday

- SLN- 24c
- Cannabis – Pesticide Residue Action Levels

There is a senior managers meeting on Monday afternoon with the OPP-IO.

I understand some of the topics they plan to discuss further are hemp, 24c process and guidance document, dicamba.
